

Small & Medium Breed Puppy

NutriSource[®] Small and Medium Breed Puppy is ideal for growing small and medium breed puppies (breeds that mature to less than 50 lbs.) and provides super premium nutrition in a scientifically formulated, easy-to-digest food. NutriSource[®] Small & Medium Breed Puppy contains the higher levels of protein and fat needed by small and medium breed puppies and is formed to smaller, bite size kibble making it easier for small dogs to eat. NutriSource[®] combines chicken meal, chicken, rice, and carefully selected ingredients in the precise blend to promote balanced growth and optimum health for small and medium breed puppies. Readily available nutrients in chicken meal, chicken, and rice go to work on the inside, resulting in less waste. NutriSource[®] Small and Medium Breed Puppy Food also supplies complete and balanced nutrition for gestating and lactating females.

Available in: 6.6 lb., 18 lb. and 35 lb.
